

Dezvolta is Looking for New Talents in Chennai, India

Dezvolta - a leading digital marketing and web design company in Chennai, India is looking for new talents to join its existing team of designers, developers and copywriters.

Tamil Nadu, Chennai, Feb 17, 2021 (Issuewire.com) - Established in 2011, Dezvolta helps start-ups, entrepreneurs, small businesses, and corporates to achieve their business goals. Worked with 500+ happy clients in India and across the globe. To name a few - Navin's, Radiance Realty, Chamundi Structural, Asirvad Micro Finance Ltd, CityScape Decors, AGTC, Happy Holidays, Biglee, etc., - which are the best players in their industry.

Amid the pandemic situations, which curbed many of the businesses in India and around the world, Dezvolta managed to acquire new projects and clients that maintained its growth curve exponentially.

Now, Dezvolta is looking for experienced copywriters, designers (web/graphic) and developers to join its mission for 2021. The successful applicant can expect a high-rewarding, growth-oriented role with more interesting opportunities to explore. The desired applicant for copywriting should have experience in website and social media content creation that helps businesses grow. Similarly, creative designer applicants should also have demonstrated experience in web and social media design that attracts & engages audiences. Developers must have at least 3+ Years of experience in enterprise grade web development (PHP, MySQL, HTML, CSS, Angular/React).

To apply for these job openings, please email at hema@dezvolta.com

Please Note: Dezvolta will not entertain inquiries about its job vacancies over the telephone. Contact only by e-mail or the contact form.
