Following his training, he attained board certification in family medicine, geriatric medicine & hospice, and palliative medicine through the American Board of Family Medicine (ABFM). The ABFM is a non-profit, independent medical association of American physicians who practice in family medicine and its sub-specialties.

In his professional experience, Dr. Platis is affiliated with North Shore University Hospital and Long Island Hospice Care Network.

Geriatrics, or geriatric medicine, is a specialty that focuses on the health care of elderly people. It aims to promote health by preventing and treating diseases and disabilities in older adults. A geriatrician is a health care provider who focuses on patient well-being and independent functioning. These allopathic or osteopathic health care providers are specifically trained to evaluate and manage the unique health care needs and special treatment requirements of older people.

On a more personal note, Dr. Platis speaks both English and Greek.
