Have you ever wonder about having smart and innovative home and kitchen appliances at your home? It's not surprising that technology is now available in every aspect of our lives.

West bengal, kolkata, Feb 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - Have you ever wondered about having a smart and innovative home with high-tech appliances? It's not surprising that technology is now available in every aspect of our lives. To make the lives of people easier and better, many companies are now combining traditional devices and modern technology together. But the major problem is that people often get confused among the variety of products and sometimes due to the confusion they take the wrong decision. To save the efforts and time of people, [Kridovia Appliances](#) offers the best platform to shop smart home and **kitchen appliances** from international brands.

[Kridovia Appliances](#) is one of the premium e-commerce businesses in the industry of home and kitchen appliances. The founder of Kridovia Appliances, **Mr. Rikesh Jaiswal**, has already been able to attain the trust of premium customers and business partners by offering the best quality services. He wants to change the perspective of people toward daily chores and appliances. He said, "It's disappointing how the day to day house chores are taking a lot of people's efforts and time. I want to change the way how people perform daily tasks and save time and ease the work. The home and kitchen appliances have already combined with the technology for the ease of people but people are not finding a suitable platform to purchase them. That's why; I have started Kridovia where one can easily find the smart appliances without any worries." Mr. Rikesh wanted to cut out the extra efforts of people to shop the products and he put great efforts to establish the brand in the industry. **Kridovia Appliances** was established in May 2016 and since then it provides quality services to the customers. Efficient and effective services have helped them greatly to gain a reputable position in the business world. The brand is based in Kolkata, West Bengal, and provides its services all over India.

Mr. Rikesh also said, "We want to become one of the largest distributors of smart home and kitchen appliances in India. To achieve that, we are opting for effective business strategies to stand out in the crowd. We strongly believe that the growth of the company will depend on how we take care of the personal benefits of the customers. We greatly prioritize the customers' satisfaction and for that, we offer a one year warranty on our products." They offer a great range of household products which include Refrigerator, Air Conditioner, Wine Coolers, Washing Machine, Microwave Oven, Dehumidifiers, and many more. The company provides the best quality services and imported products to its customers. The international brands that Kridovia Appliances is associated with are White Westinghouse, Frigidaire, Iguassu, AAVTA, Speed Queen, and Candy.

Kridovia greatly believes to make the life of the Indians easier and keep the quality in mind and thus provides them with international qualities brands at remarkable prices and deals. The company also ensures the timely delivery of the goods at the doorstep. They also process bulk orders for offices and factories. [Kridovia Appliances](#) ensures the customer will not face any problem while using the products and if there is any problem regarding any product, we promise the prompt approach to rectify it as early as possible. One can easily get products of international brands without any worries from [Kridovia Appliances](#).
