

GIFLIF DriveIn Music Festival: India's First Ever

Madhya Pradesh, Bhopal, Feb 5, 2021 ([Issuewire.com](https://www.issuewire.com)) - Covid 19, brought the world and Live events to halt. It's been over 9 months, and people are now extremely keen to experience live events: The Sound, The Lights, The Stage - The Magic. Public gatherings, though now open, is still a matter of fear for people. Therefore, a solution has to be such that while the vibe of an event is maintained, Covid specific guidelines should be followed, so that the ones who are keen to be in the safety net don't suffer the chaos. This led us to visualize GIFLIF Drive-in Music Festival - INDIA's FIRST EVER.

MP Tourism in collaboration with Culture Department, Madhya Pradesh presents GIFLIF DriveIn Music Festival, powered by Mansarovar University, In association with Dilip Buildcon, MPSTDC, and Dhwani sound.

The idea is to conduct a Music Festival and not a dance fest, where people tend to come closer to each other. Each person would have a designated parking space and they can enjoy the festival by sitting in the car or outside within their demarcated space. They may bring their mats, foldable chairs, etc.

The musical aspect includes a combination of folk fusion, rock, jazz, Sufi, Indo-Persian, instrumentals, and more. **Tickets at [www.GIFLIF.in](https://www.giflif.in). For 100 cars and 100 bikes each day.**
