

Groove to VStheWORLD's Latest Banger 'Aquafina' that Works to Offer Hope and Good Vibes to the Humanity

South Bronx hip hop artist VStheWORLD takes an invincible approach to share his story and flourishes with his latest single 'Aquafina', filled with raw melodies.

New York City, Feb 26, 2021 ([Issuewire.com](https://www.issuewire.com)) - Some artists aspire to rule the music realm whereas there are very few who progress with the pure intention of establishing hope in the listener's heart with their compositions. Even though the genre is flowing with the contribution of both kinds, but the year 2021 seems to have other plans with artist **VStheWORLD** making a hardcore entry into space with his much realistic soundtracks. The [South Bronx hip hop artist VStheWORLD](#) hones a completely new style and creates music based on real experiences. His inventiveness is well reflected in the kind of fan base the rapper already nurtures.

Over the past few years, the artist has proved himself to be the tour guide of the underground New

York City Hip Hop realm and has received great appreciation from the audience for his profound skill set. It seems almost natural for the artist to rap without hesitation. The artist is a legitimate star who makes music that easily finds its way to reach thousands of ears. On his latest single '[Aquafina](#)', the rapper has incorporated some unheard sonic rap elements that prove he is the one to introduce a change. Filled with endless punches and hooks, the song focuses on the artist's life story as he honestly yet powerfully shares his story to the world. The rapper's nonchalant and low-key delivery makes the production even more hard-hitting and the accompanying strategic beat arrangement grows more appealing with every listen.

Coming from NY, **VStheWORLD** has built the soundscape '**Aquafina**' under the label Product of hope and shows the fine balance between good and evil with his thoughtful songwriting. The solo artist proclaims that he is a product of hope rather than being a product of the cruel society. Even though he comes from a rough background, but his music is a clear reflection of his authentic self.
