

LeanWisdom Successfully Conducted SAFe Agilist Certification Training

Karnataka, Bengaluru, Feb 20, 2021 ([IssueWire.com](https://www.issuewire.com)) - *LeanWisdom, a well-recognized Agile and Scrum solution provider, has successfully conducted leading SAFe with SAFe Agilist Certification Training last week. It was two days of online training, coached by Jayaprakash Prabhakar and Priya M H.*

Leading SAFe with SAFe Agilist Certification Training is the most popular and comprehensive training course among all other Agile certifications. It offers effective, consistent, and reliable methods to evaluate SAFe® skills, knowledge, and mindsets in large-scale Agile projects.

With [SAFe Agilist Training](#), LeanWisdom guides your organization to transform from the traditional model to a Lean-Agile enterprise by undergoing SAFe Agilist Certification training. They help you educate more about the SAFe methodology, principles, and practices of the Scaled Agile Framework. They teach you to lead Lean-Agile enterprises by leveraging the Scaled Agile Framework. LeanWisdom gives you 100% assured results.

LeanWisdom is the most reliable learning and development partner for the working professionals in all the prestigious companies. They have specially customized quotes based on your corporate needs. They believe in experiencing and implementing facts rather than learning by hearing. Their training is not just about learning, but they have an assessment to test your team's performance as well.

In a short span of time, LeanWisdom has trained many professionals, and assisted them with cross-skilling and up skilling the Agile, Scrum, and other domains of Project Management. They have 20+ years of highly experienced trainers/coaches in the respective domain.
