

Leawo Announces the Launch of iOSFix to Fix 50+ iOS System Issues at Home

Leawo today officially launched iOSFix 1.0.0.0, a professional iOS system recovery program which is able to fix 50 types of iOS system errors in simple clicks, such as stuck on Apple logo, iPhone keeps restarting, no service, etc.

Guangdong, Shenzhen, Feb 7, 2021 (Issuewire.com) - Leawo Software, a company specialized in multimedia solutions and data management software, just announced the availability of its new [iOSFix](#)

1.0.0.0. Leawo iOSFix is a powerful all-in-one iOS system recovery tool that can easily, quickly and safely fix more than 50 types of iOS system errors in simple clicks, including stuck on Apple logo, iPhone black screen, iPhone keeps boot loop, no service, etc. It can detect nearly all iOS devices (iPhone, iPad and iPod) and Apple TV sets to help users restore and repair their iOS system in 2 repair modes. Plus, iOSFix offers free features on one-click to enter/exit Recovery Mode and detailed guideline on troubleshooting device connection error for further repair.

Leawo iOSFix Features:

❓Fix 50+ iOS/tvOS issues on iPhone, iPad, iPod and Apple TV sets

Leawo iOSFix is a professional but easy-to-use iOS system recovery that can fix 50+ iOS/tvOS issues (both common and serious issues) for nearly all iOS devices and Apple TV sets, such as stuck on Apple logo, black screen or white screen of death, boot loop, iPhone crash, iPhone keeps restarting, iPhone frozen, iPhone/iPad/iPod bricked, iPhone won't turn on, etc.

❓2 repair modes for data lossless or thorough fixing

Leawo iOSFix offers 2 effective repair modes: Standard Mode and Advanced Mode. Standard Mode can fix iOS/tvOS system without any data losses, while Advanced Mode provides a more thorough solution to fix the iOS system in case Standard Mode fails.

❓3 different paths to obtain target iOS/tvOS firmware

3 different paths are available in Leawo iOSFix for users to obtain target iOS/tvOS firmware for iOS/tvOS system fixing: one-click smart online downloading, manual downloading from the browser and uploading firmware from local drive. What's more, users are also allowed to continue downloading/verification from where they stopped last time.

❓Upgrade and downgrade iOS/tvOS version bypassing iTunes

Leawo iOSFix can intelligently fix iOS/tvOS system according to users' device hardware, not only by upgrading to the latest system firmware but also by downgrading from beta to the previous system. Both upgrade and downgrade can be done in one-click, bypassing iTunes restrictions and errors.

❓More free features beyond the free trial

Leawo iOSFix offers a one-click function to enter/exit Recovery Mode for totally free. Users can enter/exit Recovery Mode through the button on the main interface for further repair, without extra operations. Leawo also provides every iOS/tvOS device owner with a detailed guideline on troubleshooting device connection errors, which brings users a more comprehensive solution.

Price & Availability:

Leawo iOSFix is now available for free download. A 1-year license costs US\$39.95, which can be used for 1-5 iDevices and 1 PC. A lifetime license costs US\$49.95, which can be used for 1-10 iDevices and 1-3 PCs.

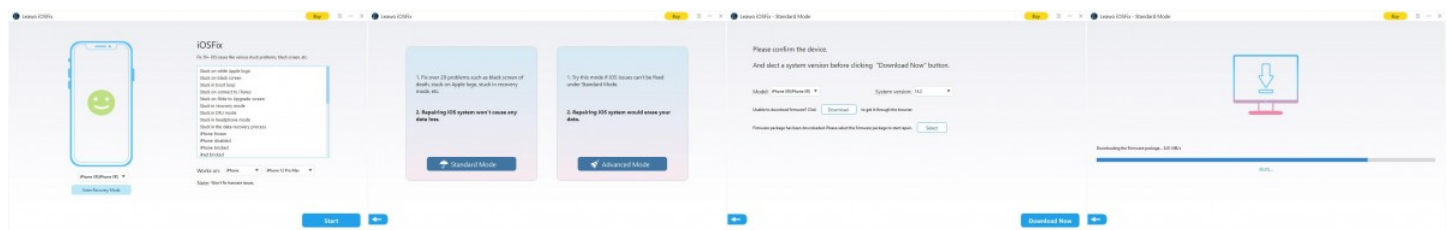

Differences Between Free Trial and Registration Version:

- Free trial supports one-click to enter/exit Recovery Mode.
- Both free trial and registered version support downloading firmware.
- Upgrading iOS version is only available in the registered version.
- Fixing iOS system errors is only available in the registered version.
