Maharashtra, Mumbai, Feb 19, 2021 (Issuewire.com) - Mumbai-based Startup India Recognized Startup, MagTapp has raised \$376,000 from its existing angel investor. MagTapp is the World's first web browser, document reader, and visual dictionary providing real-time Visual Meanings in 12 Indian Languages & 30 International Languages. Having a Strong user base of over 2 Million users in just 1 Year, the MagTapp app is solving the basic problem of eliminating the language barrier.

Magtapp helps primarily the students community coming from Non-English backgrounds pursuing competitive exams such as IAS, Bank PO, professional courses relating to engineering, law, etc to overcome the language barrier faced due to the availability of Content in the English Language. MagTapp also helps everybody in using the internet for their educational purposes and social interaction.

Currently, the app has over 600,000 daily active users and it is available in 12 Indian and 30 International Languages.

Rohan Singh, Founder & CPO of MagTapp says that MagTapp has trended on #1 & #2 Position on Google Playstore's Education Category multiple times. More than 51,000 People have rated MagTapp as a 5 Star App on Google Playstore with an Average Rating of 4.5 Stars.

Rohan also says that MagTapp is Democratising Educational System from Expensive Books & Educational Courses. Everyone can Learn for Free with MagTapp App and we are committed to doing this!

MagTapp is all about solving the Language Barrier Problem which is Caused due to the availability of 99% of Content in the English Language.

Honorable IT Minister Shri Ravi Shankar Prasad also appreciated MagTapp when he met with MagTapp Team.

MagTapp is Founded by Satyapal Chandra, Rohan Singh & Abhishek Singh, and the team is supported by Sagar Malhotra, Ashish Virkar, Soumya Ranjan Das, Suvam Acharya & Saurav Singh.
