

## **marcprick aka ankush upadhyay | rising Indian musical artist and author**

ankush upadhyay, known by his professional name, marcprick, is an Indian rapper and founder of Forecast Music LLC .

**Uttar Pradesh, Khekra, May 23, 2021 ([Issuewire.com](https://www.issuewire.com))** - If you don't know about marcprick, then here are some key highlights about him. Ankush Upadhyay, the founder of Forecast Music LLC and professionally known as marcprick in the internet world, but now he has got some other professional tags too.

Besides an Indian author, he is also known as a musical artist or an Indian music composer. marcprick start making videos on YouTube in 2021 as a music composer. Now, if you search about him on YouTube then you will see his channel is verified as a musical artist. Now you might think why YouTube verified his channel as a musical artist or give him a music note verification badge?

Basically, marcprick released his first soundtrack on Soundcloud in 2020 but after some time he released that track officially on other music streaming platforms like Google Play Music, Apple Music, YouTube Music, Spotify, and many others. That's why YouTube officially verified his channel as a musical artist. Now, marcprick helps other individual artists who want to be verified on YouTube. He has helped more than 50 individual artists and now they are also verified on YouTube.

Besides this, marcprick runs his music company that is forecast music where he released their music of independent artists. He provides these services directly on his official Instagram account @marcprick. He also works as a music label and releases individual artists' music on top famous music streaming platforms like Spotify, Amazon Music, Apple Music, YouTube Music, Google Play Music, and many more. We wish this talented singer the very best of luck in his future endeavors.
