

Marissa Iteld Joins Guild Talent

California, Los Angeles, Feb 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - Guild Talent hired Marissa Iteld as a Partner focused on Go-to-Market, Product, and Engineering functions within the San Francisco Bay Area and growing technology hub of Austin, Texas.

Before joining Guild Talent, Marissa was embedded in the startup ecosystem for nearly two decades, helping numerous technology companies build and scale their teams. She maintains that effort now with Guild's nationwide client base, focusing on critical leadership hiring and working directly with

executives. Marissa has had an immediate impact on the business upon joining.

She recently commented that “Guild completely aligns with how I have always thought about recruiting. Jamie and the team thrive on helping companies hire top talent, which ultimately positions them for success.”

[Guild Talent](#) has seen thunderous growth and expansion since its founding in 2019 – successfully placing numerous key leaders and moving from nascent startup to mainstay for top innovative brands, including [PandaDoc](#), [Intercom](#), [Workday](#), [Eventbrite](#), [Productboard](#), [FalconX](#), [Clarify Health](#), [SendBird](#), and many more.

Jamie Ceglaz, Founder of Guild Talent, said, "we couldn't be more excited to have Marissa on our team. Her track record of success, familiarity with startups, and knowledge of the Bay Area and Austin market specifically brings another dimension to our company and is allowing us to actualize our key market expansion strategy."

Austin is a rapidly growing technology hub, drawing national attention from fortune, Forbes, NBC, CNN, and other major media outlets for moves announced by Tesla, Oracle, HP, and a new mega campus for Apple. Offering a competitive alternative to the San Francisco Bay Area and New York City, startup researchers estimate that the area contains more than 3,000 tech companies, thousands of startup community members, and a relatively low cost of living—the city is taking off in a big way.

More information about Marissa Iteld is available on Guild Talent’s website at guildtalent.com

Guild Talent specializes in leadership hiring (VPs, Heads, Senior Directors, and Directors) across several functional departments for mid to late-stage startups. For more information, contact Jamie Ceglaz at (619) 665-9277.
