The book is anticipated to have an inspiring and profound effect on its target audience.

In this must-read book, Larissa Redaelli shares invaluable insights, tools, and techniques on how to help you be truly happy and make a positive difference in your life and in the life of others.

No matter who you are, where you are, or what you do in life, with today's challenges, you feel overworked, burdened, frustrated, engulfed by pain, and surrounded by a deep sense of emptiness.

You might believe that someone or something external is responsible for it, but the reality is that it's YOU who is in charge of your fulfillment. The only way you can pave your path to mental clarity, inner freedom, and true sustainable happiness is to commit to mental, emotional, physical, and environmental detoxification.

Happydemic is a collection of Larissa's personal experiences and learnings, fuelled by her proven "Immune MNMS Detox Formula" which gives you a clear roadmap to bridge the mind and heart, guiding you away from all the suffering, and towards finding your purpose.

The book will inspire readers across the globe as it comes at the right time where the world is facing a pandemic crisis and is now available through the IngramSpark distribution network and other affiliates which will cover print-on-demand across the UK, Europe, USA, Australia, New Zealand, and the Middle East. The e-book is available in 25+ online bookstores like Amazon, Kindle, Barnes & Noble, and Apple Books in the Middle East.
