Florida, Miami, Feb 8, 2021 ([Issuewire.com](https://www.issuewire.com)) - With over 17 years of history, vehicle shipping giant RCC Auto Transport Ltd is rated #1 in the country, and ships over 750,000 vehicles across all 50 of the United States of America. It leverages logistics solutions with what it prides itself on most: personalized customer support leading to its highest [ratings across the Web](#). Its status as a nationwide leader cemented since 2003, a new case study was released August 21, 2020, to highlight the services that make it award-winning.

According to Crain's Business RCC Auto Transport Ltd is the 8th fastest growing business in the state of Florida. It has built relationships with major clients over the years, including North American Van Lines, Allied Van Lines, Graebel van Lines, Move Management, Uni-group, Mayflower, and United Van Lines, Volkswagen, General Motors, and Chrysler. Both new and used car dealerships have shown growing interest, alongside North American auction organizers, auto financing companies, and individual clients. RCC [Auto Transport](#) Ltd maintains seven of the safest parks near the major centers. Customers get a quote and book for their vehicle transport; the vehicle is picked up and then dropped off at your designated address. (insert number of customers) offer testimonials as to the quality of the services provided.

The Company

Today, RCC Auto Transport Ltd is well trusted as a reliable nationwide carrier headed by Mr. Ariel Danziger as CEO and President, while Mr. Shmuel Ovadia works as its General Manager. Founded 17 years ago, the vision of a nationwide shipping company rooted in integrity, expertise, and exceptional customer service with its available products has taken over Miami's most exceptional waterfront region and spreading across the country. Currently, while the only office is in Miami, career opportunities do appear that offer remote work, albeit temporarily.

The large network of dedicated truckers ensures all vehicles arrive safe and sound. The existence of both an open and closed, secure trailer option ensures your cars are protected from all types of risks.

Reviews

Most of the top websites include five-star reviews for RCC Auto Transport. They can be found on Google Plus, Transport Reviews, and Trustpilot, with 5* at 189 reviews, 5* at 240 reviews, and 4.5* at 200 reviews respectively. Other websites with reviews include Womply.com at 4.9*, A1autotransport.com at 4.6*, customerlobby.com at 5*, and angieslist.com at 5*.

Specialties

As with most companies, RCC Auto Transport Ltd has also increased its portfolio of services. The idea is to take the burden of transportation of the customer and place it into the hands of those who have been trained in the field and know both legal and logistical processes as any professional should, making for a highly efficient task force. Of course, this is all completed with the live chat option offering immediate responses. The products as of August 2020 include:

- Door-to-door [auto transport](#)
- Open car transport
- Enclosed auto transport
- Expedited auto transport
- Car shipping to Hawaii

Of course, these are the standard offerings. RCC Auto Transport has also brought in some extras:

- Extended hours
- Insurance coverage
- 9K+ auto carriers
- Zero upfront payment

Furthermore, in August of 2020, the newly launched website included an "Instant Quote" feature, while the business-to-business platform of Miles Ahead has also been a major part of the corporation's growing service portfolio of late. The newest feature, however, was introduced to keep in line with the corporation's vision of providing the best in customer service. It allows users to receive an instant quote as the name suggests, using an online form for basic information about the vehicle, accommodating a wide range of vehicle types owned by individuals or companies, from sedans to trucks and from RVs to

[commercial vehicles](#). They can move vehicles to a new home across the country, for college students attending out-of-state universities, during military relocation or snowbirds, and even online car buyers looking for door-to-door auto transport of new and used car purchases. Furthermore, clients are also provided with the option for enclosed moves of antique vehicles, something few offer. An instant quote allows for exactly that, during any time of the day or night, provided within a few seconds. Real-time reports and updates are also available for a customer's convenience, increasing the company's overall ratings.

Finally, RCC Auto Transport Ltd does not require you to be present in person for pick up if a customer decides to use a terminal service. The downfall to this offer is that terminals charge additional fees, which the company has made clear they prefer to avoid for the customer's sake.

As for inoperable or unusual vehicles, the company has been known to enjoy this process, from the antique to the collectible to the classic designs. Special carriers are dispatched for this line, so long as early notice is provided.

Awards

RCC Auto Transport Ltd has been recognized with numerous awards, including the prestigious Patriot Award in 2020 in recognition of the team's commitment to serving as a Military Support Employer.
