

Safety Net Recognized as Top IT Security Provider

Safety Net, Michigan-based IT Managed Service Provider, named to 2021 MSP 500 list by CRN and The Channel Company

Safety Net

Michigan, Farmington Hills, Feb 22, 2021 ([IssueWire.com](https://www.issuewire.com)) - Safety Net, an IT Managed Service Provider in Farmington Hills and Traverse City, has been named by [CRN®](#), a brand of The Channel Company, to its 2021 Managed Service Provider (MSP) 500 list in the Security 100 category, which recognizes top technology providers with an expertise in cloud-based IT security services.

The list, released annually, recognizes the leading North American solution providers that have demonstrated innovative and forward-thinking approaches to managed services. These services help end users improve operational efficiencies and navigate the ongoing complexities of IT solutions while maximizing their return on IT investments.

With cutting-edge approaches to delivering managed services, MSPs have become an integral part of the success of businesses worldwide. They help empower organizations to leverage complex technologies, keeping a strict focus on their core business without straining their budgets. CRN's 2021 MSP 500 list identifies the market's key managed services players who are setting themselves apart with best-of-breed solutions that provide the business outcomes clients need.

With this year's application for the CRN MSP 500, Safety Net highlighted its dedication to top-of-the-line security through its managed IT services for manufacturing, healthcare, financial and legal services, engineering firms, and government contractors in Greater Detroit and Northern Michigan.

"Effective MSPs enable companies to focus on their core objectives while improving the quality and reliability of their cloud computing capabilities," said Blaine Raddon, CEO of [The Channel Company](#). "The solution providers on CRN's 2021 MSP 500 list deserve recognition for their innovative and

forward-thinking approaches to managed services, and the ability to optimize operational efficiencies and systems to maximize return on investments.”

“We’re honored by the recognition and believe it’s a strong testament to our focus on industry-leading security for the companies we support throughout Michigan,” said [Tim Cerny](#), CEO of Safety Net.

“We’ve always believed great IT requires the right people, processes, and tools, plus discipline and a commitment to excellence. As the technology landscape continues to evolve, so too will our service offerings and partnerships.”

The MSP 500 list is featured in the February 2021 issue of CRN and online at www.CRN.com/msp500.
