

Spektral Investment Bank to Acquire Shares Of BTCBAM

Turkey, Istanbul, Feb 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - Spektral Investment Bank, a recently founded Investment bank with 800 million EU paid in kind capital that is composed of exclusive licenses of pharmaceutical drug patents and valuated mining licenses have concluded an acquisition deal with BtcBam team, a renowned software company that owns 7 blockchains and a cryptocurrency exchange known as Bitturex; which soon to be converted to the first cryptocurrency project investment exchange.

First investment exchange to be fully bank-backed

"We will be initiating coin sales worldwide after the conclusion of our deal with Mr.Erdal Can Alkoclar and Mr.MetehanYesil, the co-chairs of Spektral Investment Bank. With our highly capable technical team and with the collateral strength and dynamic securitization of our assets, it will be a great and joyful journey I firmly believe," said Mr.GökhanAlkan, the CEO of BTCBAM and Bitturex.

Spektral Investment Bank will be acquiring 25% shares of BTCBAM and Bitturex. In exchange, the Kosovon Investment Bank will be providing full-scale project envouchments for every project which will be listed in Bitturex. Bank will also be providing collaterals for the tokenization of the projects receiving

crypto-funding to maximize their commercial potential.

"It is the most exciting project and the most impressive team we have yet to meet. The acceptance of our merging offer is a simultaneous honor and enthrallment for me and our bank. The blockchain algorithms and the technical infrastructure BtcBam holds literally mesmerized us. We look further to take part in every new blockchain they will create. We also plan to initiate negotiations of cooperation regarding our new blockchain projects with major exchanges like Binance, OkekX, and Kraken. We firmly hope that our new concept of investment exchange will be embraced and appreciated by them. We are also planning to initiate the establishment of partial tokenization of our bank whose technical aspect will be facilitated by the amazing team of BtcBam." expressed Mr.Erdal Can Alkoclar.

BTC BAM is a Vienna-based cryptocurrency mining company managed by entrepreneurs and professionals. The company's vision is to create a platform that allows anyone, anywhere in the world, to earn through mining. Also, the platform encourages users to build wealth and achieve financial freedom.

BTC BAM offers a simple, easy and accessible method of earning passive income.
