

Stratasys appoints ARK Infosolutions Pvt Ltd as an authorized partner in India for production-grade 3D printers.

The agreement allows Stratasys to expand its footprint in the local market with their production-grade FDM® & PolyJet™ 3D printing solutions in India.

Maharashtra, Mumbai, Feb 24, 2021 (Issuewire.com) - ARK Infosolutions Pvt Ltd (ARK), a leading value-added distributor in India, signs an agreement with Stratasys (Nasdaq: SSYS). With this inclusion of commercial, professional, & industrial Stratasys printers, ARK will further fortify its distribution position in the 3D printing market space. Stratasys is a global leader in additive manufacturing or 3D printing technology and is the manufacturer of FDM®, PolyJet™, 3D printers.

ARK joined the Stratasys partner network to expand 3D printing adoption and its market outreach in India, therefore enhancing local access to the latest technologies that Stratasys has to offer. This partnership comes at a time when additive manufacturing (AM) is transforming product design, production, and service. AM enables on-demand production without dedicated equipment or tooling, unlocks digital design tools, and offers breakthrough performance and unparalleled flexibility across industries. Through this partnership, ARK plans to reach newer markets, accelerate growth and bring mutual benefit to its customers.

Rishi Khemka, CEO, ARK Infosolutions Pvt Ltd, views this opportunity as an important milestone towards expanding the range of additive manufacturing or 3D printing product distribution in India. He said, "Professional users are reinventing design, manufacturing, and unlocking the different ways to manufacture production parts or product itself. In this current crisis, we saw many innovative products

manufactured through 3D printing technology with quality, less time-to-market, and cost. It's a testament to how 3D printers have taken shape. We are committed and hoping it will further improve Stratasys product reach and help companies with their engineering innovation under these challenging times."

"This partnership reflects our interest to collaborate with companies that share our vision to empower customers to innovate and reimagine the way they design and manufacture their products. With increased portfolio from the recent acquisitions of Origin and RPS, we aim to continue serving our customers with latest technologies from Stratasys and best in class partners to support them", said Mr. Rajiv Bajaj, Managing Director Stratasys India, and SEA.
