

Vector Travel and At Ease Rentals Partner Up to Offer Military Travelers Discount

California, Los Angeles, Feb 2, 2021 ([IssueWire.com](https://www.issuewire.com)) - In honor of the military's effort in combating COVID-19, Vector Travel and At Ease Rentals have partnered up to offer a 20% booking discount to all active and veteran military personnel. To receive the discount, eligible military personnel with verification can visit bookings.vectorstays.com and use code Military20 at checkout.

"Offering this military discount is a token of appreciation to our country's military service. We know times are hard, and money is tight. People are nevertheless traveling for leisure and professionally and need places to stay. We are a company built upon service and values showing gratitude to our guests, and we are indebted to our military for their service and commitment," said Vector Travel co-founder and CEO Mickey Kropf.

The recent restructuring of the vaccine distribution aims to administer 150 million doses in 100 days. While details are not available, military assistance has been requested.

At Ease Rentals Founder and CEO Anthony J. Gantt Jr. said, "I'm an active duty Marine and a family man. I care deeply about providing my fellow military and federal personnel with a better way to travel on official business. At the height of the pandemic, many service members, federal employees, and their families were displaced and left with limited choices! Mickey and the Vector Travel team immediately launched into action to help us (At Ease Rentals) get them a place to call home until they were home; it's one thing to say "thank you for your service," it's another to jump into action to show your appreciation as Vector Travel did."

About Vector Travel

Founded in early 2018, Vector Travel was the first full-service, tech-enabled multifamily hospitality company to partner with multifamily companies to generate NOI and ancillary income on their vacant market rate and student housing assets. Vector Travel's proprietary analytics and revenue management algorithms ensure best in class revenue performance for its clients across markets. For more information, visit the company's website, vectorstays.com.

About At Ease

Founded in 2018, Marine Corps Officer Anthony J. Gantt Jr. created At Ease Rental Corporation. This JTR-compliant booking-engine makes it possible for federal employees and active-duty military to find affordable short-term rentals for PCS moves and temporary duty travel. For more information, visit the company's website, pcsatease.com.
