

Albert Stabile Jr., DC, FICC, CCPCP, a Chiropractor with Associates in Chiropractic

Get to know Chiropractor Dr. Albert Stabile Jr., who serves patients in Teaneck, New Jersey.

New York, New York City, Mar 3, 2021 (Issuewire.com) - Since 1979, Dr. Stabile Jr. has been serving as the President & Director of Associates in Chiropractic in Teaneck, New Jersey. In New Jersey and on a national level, his name is one of the most recognized in his profession as a teacher and lecturer.

Having been practicing chiropractic for over 50 years, Dr. Stabile Jr. provides chiropractic services and techniques that help treat the whole person, instead of just dealing with the symptoms. He practices the diversified technique, dynamic non-force technique, applied kinesiology, sacral-occipital technique, activator technique, and adjunctive therapy. His chiropractic treatments and holistic solutions have been designed to help set up patients to enjoy a life of health and wellness for the long haul, whether they are a high-performance athlete, a firefighter, or a school teacher.

A Postgraduate Instructor for Texas Chiropractic College, he has taught the non-invasive electro-diagnostic course for the University of Bridgeport Chiropractic College & Texas Chiropractic College, and the scoliosis determination and treatment course for the New Jersey Chiropractic Society.

With a broad educational background, Dr. Stabile Jr. graduated with his Associate of Arts degree from Rockland Community College in 1965. He then went on to earn his Doctor of Chiropractic degree from Columbia Institute of Chiropractic (now New York Chiropractic College) in 1971, and his Bachelor of Arts degree from City College of New York in 1977.

Awarded the title Certified Chiropractic Primary Care Physician (CCPCP) from the University of Bridgeport Chiropractic College, Dr. Stabile Jr. is also a Fellow of the International College of Chiropractors (FICC), one of the founding members of the Academy for General Practice of Chiropractic, and the Chairman of the Northern New Jersey Chiropractic Society Insurance Relations Committee. He has been certified in neurological non-invasive electro-diagnostic, thermography, scoliosis determination and treatment, and manipulation under anesthesia.

A lifetime member of the NJPBA Physicians Association, Dr. Stabile Jr. is a member of the New Jersey Police Honor Legion, Ridgefield Park Elks, The Knights of Columbus, The Masonic Lodge, and Shiners in Livingston, New Jersey.

Presented with numerous recognition awards by these organizations, he is a past president of the New York Chiropractic College Alumni Association, a past president of the Northern New Jersey Chiropractic Society, a former member of the Board of Directors of the Northern New Jersey Chiropractic Society, and a former board member of the New Jersey Chiropractic Society.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.
