

Arya College: Empowering Students' Dreams For A Prosperous Future Ahead

Empowering Students' Dreams For A Prosperous Future Ahead

Rajasthan, Jaipur, Mar 9, 2021 ([Issuewire.com](https://www.issuewire.com)) - A great vision leads to a big accomplishment and it is the vision with dedicated efforts and hard work that leads to innovation. With this very thought in mind, the founder Chairman Er. Shri T.K. Agarwal Ji, a great visionary from Roorkee University established **Arya Group of Colleges** under the aegis of All India Arya Samaj Society for higher and Technical education in the year 1999. Understanding the importance of engineering education and analyzing the challenges associated with access to quality education, Arya College was established as the first private engineering college in the state of Rajasthan to help students excel in the diverse fields of engineering.

Spread over 30 acres of picturesque landscape, [Arya College Jaipur](#) is determined to provide students a progressive learning environment where students can develop the essential techno-managerial skills. This not only grooms the overall personality of the students but turns them into responsible citizens who are ready to serve the nation with their innovative ideas by solving real-world problems. As we all know, Quality pays off well, under the supervision and guidance of Dr. Arvind Agarwal, President, Arya Group of Colleges, the college soon became popular among the students who are looking forward to a career in the field of engineering. Moreover, the success of an engineering college is judged by the number of placements it is able to offer to students. The college has offered more than 750 placements in the year 2019-20.

Arya College Jaipur: A Synonym to Quality Engineering Education

Started in a single building, **Arya Group of college** at present is having four campuses namely, Arya Institute of Engineering & Technology (AIET- REAP Code 11), Arya College of Engineering & Research Centre (AECRC - REAP Code 48), Arya Institute of Engineering Technology and Management (AIETM - REAP Code 46), and Arya College of Pharmacy (ACP). Initially, the college was running B.Tech programs in all major branches such as computer science, mechanical, electrical, electronics and communication, and civil. Recently, the college has started a new program, B.Tech in AI and Data Science reflecting the college's mindset towards future-oriented education. The college has received accreditation from NAAC along with various National and International awards which showcase their

commitment towards delivering quality education.

There are a number of reasons why students prefer to choose Arya College for pursuing higher education. The college not only emphasizes on overall personality development of students but also provides them the opportunities to come up with innovative ideas and simultaneously work on them for effective implementation. For this purpose, the college has been honoured to have the only RTU Innovation & Incubation centre for start-ups which provides the students an opportunity to explore the possibilities with their specific idea. Apart from this, providing the students with the best of knowledge and developing their understanding about the industrial practices and real corporate world, the college has alliances with the top tech multinationals such as CISCO, Oracle, Microsoft, Wipro, Infosys, Java, Siemens, and C-DAC.

[Arya College](#) has a strong Student Development Cell (SDC) that assists in fulfilling the academia gap and nurtures the students' skills to meet the expectations of the corporate world. The cell has greater importance as it helps in developing students into trained professionals who are well aware of the challenges and opportunities of the practical world. Furthermore, regular interaction with industry experts, conducting seminars and workshops help in developing the right skill among the students to make them job-ready. The college has a dedicated Career Development Cell that delivers the students the right career-related information and allows them to make the right decision regarding their career and future opportunities.
