

AverickMedia's New Release; B2B Email Lists Highlighted Among B2B Sellers

Turning Data into Dollars - B2B Email Lists from AverickMedia ensures you capture the top decision-makers worldwide. We provide B2B Mailing Lists with guaranteed accuracy.

Texas, Houston, Mar 18, 2021 (IssueWire.com) - AverickMedia has been a leading B2B database provider in the industry for over a decade. They have in motion to produce various industry databases for marketing purposes for other B2B businesses that can benefit through it. Their most recent all-combined [B2B Email Lists](#) was a trendsetter of the industry. It was a database that was inclusive of 60+ industries from 200+ countries.

The email list was all-inclusive to allow extensive marketing to B2B businesses and their marketing and sales teams. It was a list that came along with multiple sets of information. These information sets include full names, social media profiles, email addresses, mailing addresses, fax numbers, and site addresses. The information was of businesses, industries, working professionals, healthcare professionals, and so much more.

With a database that crosses millions of records, AverickMedia made the first attempt of delivering an all-around email database for businesses to utilize. Utilization outlined in multiple marketing channels, as it was multi-purpose data, grew to be one of the most sought databases of the market. The motive behind this email list was to serve the need of B2B businesses in terms of marketing.

B2B businesses look for varied data sets, which is a tedious process to research and analyze. AverickMedia and their strategic team made it a point to deliver an email database at one shot for businesses looking for ways to market. Irrespective of the type of data or resources that businesses were looking for, they made sure it was all in one package and could be customized to suit each need.

Miriam Sill, from a Leading Manufacturing Business, said, "It was the right decision that we chose AverickMedia's B2B Email List. Their [B2B Mailing Lists](#) was a full-fledged list, where we did not have to think too much to have customized lists based on our requirements. We chose from millions of records and found the exact account that we needed. The team of specialists at AverickMedia helped us come with the ideal customer profile to market to."
