

Bahman Shamloo, MD, an Pain Management Physician with Shamloo Elite Spine & Pain Institute

Get to know Pain Management Physician Dr. Bahman Shamloo, who serves patients in Beverly Hills, California.

New York, New York City, Mar 16, 2021 ([Issuewire.com](https://www.issuewire.com)) - Dr. Shamloo is a fellowship-trained physician with a highly regarded reputation for providing the most advanced and effective services available in the fields of interventional pain management, regenerative medicine, and anti-aging care

services. He is the Founder of Shamloo Elite Spine & Pain Institute, a leading interventional spine and pain management clinic with state-of-the-art facilities conveniently located in Beverly Hills, California.

Some of the exceptional services that Shamloo Elite Spine & Pain Institute offers its patients include treatments for back pain, cancer pain, pelvic pain, post-dural puncture headaches, complex regional pain syndrome (CRPS), and peripheral neuropathy. It also offers nutritional health and wellness consultation.

The team at Shamloo Elite Spine & Pain Institute prides itself on providing compassionate care that's informed by an academic approach and evidence-based research. They make an effort to take time with their patients to truly connect and provide them with the care that goes beyond their medical treatment.

A Fellow of Interventional Pain Practice, Dr. Shamloo's clinical areas of expertise include failed back surgery, spinal stenosis, herniated discs, spinal tumors, headaches/migraines, facial pain, cervical pain, dystonia, trigeminal pain, facial pain, occipital neuralgia, wellness, metastasized bone cancer, chemotherapy/radiation caused pain, post-mastectomy pain, stem cell therapy, and platelet-rich plasma therapy.

Since 2010, he has been an attending physician at Cedars-Sinai Pain Center, which was established with the mission to improve the quality of the lives of individuals who suffer acute, chronic, and cancer pain, as well as those with facial disorders and diseases.

In addition, he has been serving as an Associate Professor of Anesthesiology and Pain Medicine at Cedars Sinai, Los Angeles since 2011, and has been on the Editorial Board of the Journal of Anesthesia and Critical Care since 2014.

The doctor's acclaimed career in medicine began after he earned his medical degree from Tehran Azad University of Medicine and Science in Iran in 1999. He then performed his internship at Charles R. Drew University of Medicine and Science in 2005, and his residency at Cedars-Sinai Medical Center in 2008. This was followed by fellowships at the University of Washington School of Medicine and Cedars-Sinai in 2009 and 2010, respectively.

A member of the Spine Intervention Society, Dr. Shamloo is board-certified in anesthesiology and pain medicine by the American Board of Anesthesiology (ABA). As the certifying body for anesthesiologists since 1938, the ABA is committed to partnering with physicians to advance the lifelong learning and exceptional patient care. Its mission is to advance the highest standards of the practice of anesthesiology.

Interventional spine medicine utilizes minimally invasive procedures and special imaging technology to not only pinpoint the location of the pain but treat it right at its source. In many cases, this allows the patient to go a more conservative route and avoid surgery altogether. Interventional pain management specialists provide a wide range of treatments including epidural steroid injections, nerve blocks, radiofrequency ablation, spinal cord stimulation, facet joint injections, lumbar sympathetic plexus blocks, and trigger joint injections. All procedures are done on an outpatient basis.

Among his numerous accolades, Dr. Shamloo is the recipient of Patients' Choice Award (2008, 2010, 2011, 2012, 2014), Compassionate Doctor Recognition (2010, 2012, 2014), and On-Time Doctor Award (2014).

On a more personal note, he speaks both English and Farsi.
