He has written some incredible stories, and *Deified* is his latest novel. Just like his previous work, it seems like *Deified* is also all-set to set a milestone.

The overview of *Deified*

Well, *Deified* is now out in the stores and attracting a huge audience towards it. It is another masterpiece created by Bhanu Srivastav, which is well worth your time and read.

What's inside the story?

The entire story revolves around a girl whose name is Sanvi. She is a kind and helpful girl who get

married to an engineer. Her marriage is what turned down her life. It is because she got no love, affection, and appreciation in his married life, even though she put her best to keep things fine, but all in vain.

Despite all her efforts, her husband asked her to leave his home forever. She had to leave her husband's house with one of her two babies. While driving to the place of her parents, Sanvi experienced car trouble. When her car breaks down, then she started looking for shelter around.

There she comes up with an abandoned house. With no choice left, she has to take shelter here. Soon, the readers will discover that that wasn't a normal house, because whoever goes in that house never comes out.

And this is where the story will take an amazing turn.

To see whether she would be able to break free as well as save herself and baby or is it going to be a worst nightmare's beginning here, you must give *Deified* a read.

What makes *Deified* unique?

The novel has portrayed the bitter reality of Indian girls' hard lives after marriage in a very creative manner.

However, what makes *Deified* stand out is that dedicated songs accompany the story. Bhanu Srivastav has also written these songs, which have been sung by artists from UK, Spain, USA, etc.

While these collective creative efforts can raise women's confidence and help them raise the barriers to living a happy life. The writer has put his writing to make women feel empowered and understand that they can do anything for their self-respect and children.

Why *Deified* is an incredible story?

Overall, the *Deified* story is just beyond the praise. The writer just turned the tables very creatively and made the biggest nightmare of Sanvi, the beautiful beginning of her new life so beautifully.

The story dialogues and scenes are capable of creating magic around you. The reader of this masterpiece will get indulged in it deeply. To see what exactly happened with Sanvi during her way to the parent's home, you must give the novel a read.

Bhanu Srivastav is inquisitive and passionate about his writing, and the spark he has in his writing helps him spread positivity and knowledge to the world.

Bhanu Srivastav: An amazing and experienced author

Bhanu Srivastav has an amazingly unique approach in his writing, which keeps him apart from the crowd. He has created some amazing best-selling masterpieces as well.

His story plot, characters, and themes are always different and unique compared to the usual and generic writing works. It is all because he is a specialized writer. He has extensive knowledge of different fields, including Engineering & Technology, while his specializations are in machine learning, artificial intelligence, and information security.

However, the major objective of his writings is to relay motivational messages via his creative work. He always wants to bring thrill and enjoyment to other people's lives while giving them a unique message through his writing.

Final Verdict

So, for whoever wants to enjoy a different story with an incredible message, "Defied" can be a worth considering novel for them. Not only the plot and message of the story are amazing, but how Bhanu Srivastav has described the entire scenery, the combining songs, dialogues, and more all are combinedly making the story a masterpiece, which you must read.
