South Carolina, Simpsonville, Mar 24, 2021 ([Issuewire.com](https://www.issuewire.com)) - bioPURE Services announced today they are committed to helping downtown Simpsonville reopen quickly and safely. They will be donating their disinfecting and sanitization services to ALL businesses in the downtown district at NO CHARGE. This means that the businesses in the area will be the healthiest facilities in Simpsonville. bioPURE's

advanced disinfection technology and service are proven to improve air quality, eliminate germs, viruses, and bacteria while being extremely safe, eco-friendly, and cost-effective.

"We are happy to support bioPURE Greenville in offering disinfection services for Simpsonville's downtown merchants," states Allison McGarity, President/CEO of the Simpsonville Area Chamber of Commerce. "We see this is a valuable tool that our business community can utilize to ensure a safe and healthy experience for their customers."

You've worked hard to build a great business. Now you want to protect your reputation as you serve more customers. People bring germs into your business every day. These germs cause colds, flu, pneumonia, MRSA, stomach bugs, and other illnesses. In a post-coronavirus economy, guests and staff are more concerned than ever that you are providing a safe environment for everyone. Advanced disinfection technologies and services, like those provided by bioPURE, create the safest and healthiest environments possible.

"We want to help reopen businesses in our local community," says Brandon Kinder, President of bioPURE Service. "We want to bring friends and families back together to enjoy the downtown we all love."
