

# DJ Fury - How the Miami Bass Music legend reinvented himself

The producer behind the rapid success of Atlanta female rapper Glam Graham.

**Georgia, Marietta, Mar 30, 2021 ([Issuewire.com](http://Issuewire.com))** - Atlanta, Georgia, producer, songwriter, artist, and CEO, Brian Graham, professionally known as **DJ Fury**, is causing a stir in the hip-hop music scene with his new label, **GoldMyne Entertainment, LLC**, and new female rapper/songwriter from Chicago, Illinois, **Glam Graham**. Hailing from Sanford, Florida, DJ Fury began releasing music professionally as a Miami bass music artist in the early 90's with his widely popular group, **Bass Patrol**. Music produced by DJ Fury has been used on many syndicated TV shows such as **Tyler Perry's Sistas** on OWN, **Last Call With Carson Daly** on NBC, **Tough Crowd With Colin Quinn** on Comedy Central, and several others. DJ Fury's songs have also been featured in the movies "**Only The Strong**" (20th Century Fox) and "**Trippin**" (Rogue/October Films).

Although DJ Fury was considered primarily a Miami bass music producer in the early stages of his career, he always incorporated different genres of music into his production style. More recently DJ Fury was able to showcase his versatility as a producer while working with **Glam Graham** the first artist signed to his independent record label, **GoldMyne Entertainment, LLC** based in Atlanta, Georgia. Throughout 2020, DJ Fury released six (6) Glam Graham singles of varying genres. "**Bounce**", "**Run Me Dat**", and "**For Da Money**" were all club bangers formatted to get Glam Graham's name ringing in the club scene. The fourth single, "**What's the Vibe**", has a smooth and sultry R&B vibe with singing on the hook. The fifth single, "**Fully Automatic**", goes hard as a straight gangster track giving DJ Fury's artist Glam Graham all the street credibility she would ever need. The sixth single, "**Pretty Girls**", goes outside the box of DJ Fury's typical music production as an uptempo pop music song.

DJ Fury released more Glam Graham singles in 2021, including the hardcore rap song, "**Shots Fired**", the incredibly smooth single, "**Believers**", with DJ Fury singing vocals on the hook, and the catchy club hit, "**Google Me B\*tch!**". DJ Fury also released two of his own singles early in 2021, "**Dreaming**" and "**Dreaming (Fury Bass Remix)**", which featured Glam Graham rapping on the hook. Although DJ Fury has grown much older than most music producers of today, at 54 he's still producing some of the hottest tracks on the market and is being consistent with his artist's release schedules.
