New York, New York City, Mar 17, 2021 ([Issuewire.com](https://www.Issuewire.com)) - In the wake of growing cybercrimes in the financial industry, RBI has decided to tighten the security measures by introducing RBI's Master Direction on Digital Payments Security Controls. This comes at a crucial time when there is a huge spike in digital payment frauds. Addressing this growing issue in the industry, RBI's Master Direction comes as a guideline for Regulated Entities such as the Scheduled Commercial Banks, Small Finance

Banks, Payment Banks and Credit Card issuing NBFCs to implement an effective governance structure and establish industry standards of security controls for digital payment products and services.

Getting into the details of it, VISTA InfoSec is set to host an online discussion with eminent panelists from the industry, to cover the subject matter in detail. Our live online discussion will be all about explaining the guidelines and PCI standards playing a key role in the Digital Payments Security ecosystem in India. Given below are some of the key highlights that we plan to cover in our multi-time zone, live online panel discussion hosted by our in-house expert - Mr. Narendra Sahoo (Director – VISTA InfoSec; PCI QSA, PCI QPA, CISSP, CISA, CRISC) along with our eminent panel Mr. Viswanath Krishnamurthy(Chief risk officer - from NPCI) & Mr. Nitin Bhatnagar(Associate Director - PCI Council)
