

Global automotive leader Nick Bell joins the Envorso senior advisory team.

Senior Advisor Nick Bell brings world leading automotive technology and innovation experience to Envorso clients.

Michigan, Detroit, Mar 11, 2021 ([IssueWire.com](https://www.IssueWire.com)) - [Envorso](#) – leading technology and innovation advisory, research, and delivery firm announces that Nick Bell has joined its incredibly talented senior advisory team.

An extraordinarily successful multi-decade career has seen Nick leading CIO functions at [General Motors](#), [Volvo](#), and [Ford](#). Nick's insights into the legacy auto manufacturing world, his Ph.D. in Engineering from Imperial College London, and deep knowledge of the many solutions to electric vehicle needs are now being shared across the Envorso client base worldwide.

"Envorso has attracted some of the world's best talent since we launched and it is our ongoing mission to have the best people on the team to ensure the best outcomes for all our clients", said Envorso CEO Scott Tobin.

Envorso brings an entrepreneurial perspective and the agility of a start-up mindset to bear on our client challenges. We help our client teams make the leap from the constraints of old paradigms to the promise of new opportunities.

Envorso is fluent and flexible across a broad landscape of organizations – jump-start to Fortune 100, emerging to mature, family-owned to global multinational. Envorso leads when called upon or integrates seamlessly with our client internal teams when that best serves them.

Behind it, all is Envorso's dedication to development and leadership celebrating diverse skills and informed values that drive a comprehensive approach to success for our clients, our teams, and the communities in which we live.
