

Graphics Design Limited Inaugurate New Office in UK

England, Bradford, Mar 31, 2021 ([Issuewire.com](https://www.issuewire.com)) - **Graphics Design Limited**, one of the top graphics designer provider companies recently inaugurated their new office in the UK. All the officials from Graphics Design Limited, their CEO, stakeholders, and clients attend the opening ceremony.

When asked, the CEO of the [Graphics Design Limited](https://www.issuewire.com) company said “ We want to help business through eye-catchy design. The USA is a big market for us and we believe the UK will be another big market for our company. Denial Criss the marketing manager of the **Graphics Design Limited company said** “ We already have many clients from the UK, we used to communicate with them online, now our clients can directly communicate with us. This will help both our clients and us in understanding the task.

Emphasizing customer support as the top priority, their chairman Mr. Patrick added “ We never ever take chances on customers. To us, service comes first then revenue. This is why we open this office to make the customer support and client service more and more smooth.

Great news for the customer! On the occasion of the inauguration of a new office in the UK. Graphics Design Limited announced a massive discount for all of their new customers in the UK. **Now you can [order any design](https://www.issuewire.com) just at £7.** Which is a huge price drop of almost 90% (the actual price for the **Gold package is £79**). But this offer will remain for a very limited time. The marketing manager of Graphics Design Limited said to the reporter: We value customer’s money. We know offering such a big discount can harm our company’s profit, still, we don’t care, because right now our main focus is to build a strong relationship with our customers.

[Graphics Design Limited](#) is an expert design company. Till now, they have created 10000+ designs and served 3000s of satisfied customers. The USA used to be their main market but right now they are expanding to serve more. It is expected that within a few months they can grab more customers from the UK market.
