

Michael Davidson, DC, a Chiropractor with Davidson Chiropractic Clinic

Get to know Chiropractor Dr. Michael Davidson, who serves patients in Rock Springs and Evanston, Wyoming.

New York, New York City, Mar 25, 2021 ([Issuewire.com](https://www.issuewire.com)) - A licensed chiropractor, Dr. Davidson is the Founder of Davidson Chiropractic Clinic with offices in Rock Springs and Evanston, Wyoming. He is committed to providing professional health care and pain relief to his community.

Locally owned since 2000, Dr. Davidson opened his first clinic with a clear mission in mind, to bring not only an exceptional experience; but effective care for all of those in need. He has spent the last 20 years hand selecting a team of skilled and professional staff to serve patients.

Alongside Dr. Davidson is Dr. Stevey Conder who joined the Davidson team in January of 2018. Both doctors work in Rock Springs and Evanston, alternating days between the two clinics.

Specializing in handling work and auto injuries, Davidson Chiropractic Clinic offers gentle effective chiropractic care that is affordable and beneficial for all ages. The offices are equipped with state-of-the-

art therapy equipment for all therapy needs such as traction therapy, ultrasound therapy, electric stimulation therapy, hydrotherapy, and massage therapy.

Using a “whole person approach”, some of the conditions/patients treated include neck pain, whiplash, headaches, and migraines, fibromyalgia, tingling in hands and feet, muscle spasms, back pain, sciatica, leg pain, disc pain, shoulder pain, TMJ, as well as infants and expecting mothers.

Growing up in Rawlins, Wyoming, Dr. Davidson developed a passion for chiropractic care early on after a high school sports injury that left him seeking chiropractic treatment. He graduated and received his Doctor of Chiropractic degree at Life Care Chiropractic College West in 1996, and then went on to complete his internship at Alexander Chiropractic Clinic in Livermore, California in 2000.

Licensed to practice medicine in Wyoming and California, he is Acceleration / Deceleration Motor Vehicle Injury Certified.

Chiropractic is a form of alternative medicine that mainly deals with the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. A chiropractor uses spinal adjustments, manipulation, and other techniques to manage patients' health concerns, including neck pain, back pain, headaches, vertigo, and a long list of other ailments and conditions. They aim to improve patients' functionality and quality of life by properly aligning the body's musculoskeletal structure and enabling the body to heal itself naturally, without the use of medication or surgery.

On a more personal note, Dr. Davidson is an avid outdoorsman, hunter, and fisherman spending much of his free time surrounded by his six children and loved ones in the great outdoors.
