

Seasia Group of Companies Recognizes its leaders & Gifts Them luxury Cars

California, Emeryville, Mar 5, 2021 ([Issuewire.com](https://www.issuewire.com)) - [Seasia Group of Companies™](https://www.issuewire.com), a California-based company hosted an event in their development office located in India. The event was held from 18-21 February 2021 to reward its business leaders with luxury cars as a token of appreciation for the efforts and endless support they have put in throughout these unprecedented times.

When the majority of the businesses were struggling and going through critical times during the COVID-19 era, Seasia group of Companies™ India experienced a growth of 40%. In appreciation to this rapid elevation in business, Mr. RP Singh, CEO of Seasia Group of Companies™ gifted luxury cars to five leaders of the organization- Ganesh Verma (CTO, Seasia Group of Companies™), Kamal Thakur (CEO, Cerebrum Infotech), Yashu Kapila (CEO, Bugraptors), Ramanjeet Singh (Senior Manager, Seasia Group of Companies™), and Jatinder Bawa (AVP, Seasia Group of Companies™).

Implementing modern age technology backed by the right skill set and expertise, uplifting the experience of the global clientele, strategies to attain a position amongst the global leaders- the event successfully covered countless business ideas that would assist the business in the long run. Discussing the business roadmap for ten years, the business leaders of Seasia Group of Companies™ portrayed their take on the next-gen technologies and how the organization can implement them in the years to come. Throughout the event, the leaders showcased how about their futuristic vision and shared their business strategies to take the business to a whole new level in the coming times.

With the dedicated commitment, innovation, and expertise in diverse business verticals, the business leaders and the entire workforce are all prepared to set new milestones in the digital world and gain a competitive edge in the competitive global market. With proactive business strategies backed by cutting-edge technologies, the organization will set new benchmarks with the consistent support and efforts of the business leaders.
