thesuraajkori's Career

To make a name as a digital marketer it's not an easy job you have to showcase your own business to attract other businesses and brands near you. We came across India's most excellent digital marketer

or Pioneer of Digital Entrepreneurship in India who is rated as the Youngest Digital Entrepreneur in India thesurajkori

He is running a successful digital marketing company name BandraTech for quite a long time. Started entrepreneurial journey Suraj Kori has come a long way from an ordinary digital marketer to India's best and youngest digital marketer and entrepreneur

Talking about his academics, Suraj has never let his work hamper his studies. In studies, he is as good as he is in his profession. Suraj has always got good grades in his academics so far and is expecting the same in his SYBCOM standard too.

thesurajkori supports people with new ideas, small-scale business, es and those who are in need of counseling. Suraj Kori is always active socially to be the first hand to help someone who needs some guidance in work. He strongly believes that hard work is the key to success. He is a hard-working person that always turns fruitful and he always enjoys the journey of his work. Because he believes one should not only enjoy the goal but the whole journey to reach the goal. Albeit he believes in honesty, honesty towards his work, towards his company, towards his customers and that's the reason BandraTech started the company with Rs 1000 (INR) and today he is having 2 offices, along with 25+ working team members and planning to expand with more new branches. He believes in himself and that is what keeps him going and growing.
