

Tujo Bar & Grill will be moving to a bigger, brighter, brand new location

Malaysia, Kuala Lumpur, Mar 26, 2021 ([Issuewire.com](https://www.issuewire.com)) - Tujo, one of KL's hottest entertainment outlets is getting a major makeover and will return with a brand new identity and look. Having been one of the top spots for KL partygoers to celebrate birthdays, anniversaries, after-work drinks, and everything in between, the bar and grill will be closing their doors at the Ascott Residences on 31 March 2021. But it is in no way a good-bye as an exciting secret will be unveiled at the prestigious Marc Residences with operations targeted to resume by 1 July 2021.

Helmed by the notable SOUL Society Group which owns other eateries such as Goa by Sapna Anand, SOULed Out, Hubba and WIP, Tujo has been an icon of good food and fun in the heart of Kuala Lumpur. Goa by Sapna Anand which features the Queen of Spice's carefully curated authentic Goan menu will also be making the move to Marc Residences.

"This is a dream move for us. It's a transfer that takes us into a different phase of our journey as a unique entertainment destination. We'll have more space and more choice both at the bar and on our

food menu – and we’ll be able to offer good music and become even more of a party venue. It’s an incredibly exciting time for us and we’re really looking forward to welcoming many new customers,” said Fanny Foo, Group Head of Operations for Tujo & Hubba.

At Tujo guests found their special space to while away the hours in good company. With a menu that boasts not only an eclectic mix of Asian and Western delights but also a fine selection of other main courses, pastas, pizzas, salads, soups, and light bites. Complemented by Tujo’s highlights of signature Mojitos, sangrias, wines, and spirits, every visitor leaves with full bellies, a lighter step, and a silly smile.

At Goa by Sapna Anand, diners take a trip for all five senses, bringing together a cornucopia of regional flavour profiles and aesthetics of Goa brought to life with contemporary art pieces and interior design inspired by the eclectic state.

Fully devoted to its customers, partners, and staff, Tujo and Goa by Sapna now look to bring even more dynamism to their experiential offerings, “We have something really great coming and although we can’t reveal too much about the new outlet at this moment, I can say that we will be going through a metamorphosis of sorts which we believe will have our KL fans really excited about what’s coming,” said Foo.

Before doors close temporarily on 31 March, guests to Tujo and Goa by Sapna Anand will enjoy a 15% discount on all à la carte food and beverage items. And for every RM200 spent, customers get to extend their Chinese New Year “ong” with a chance to win more dining vouchers with Tujo’s “Shake the Dice Promo”.
