

Absolute Chiropractic Offers Revolutionary Colic Treatments Ocean County

New Jersey, Monmouth County, Apr 7, 2021 ([Issuewire.com](https://www.issuewire.com)) - Chiropractic services are typically viewed as a treatment or rehabilitative method for people recovering from serious accidents. The treatments offered by Dr. Anthony Pellegrino at [Absolute Chiropractic](#) are also beneficial for chronic health conditions, neurological disorders, and mental health challenges. All of those situations can stem from misalignments that impair the proper functioning of the body and affect an individual's quality of life.

Absolute Chiropractic provides services for infants and seniors to pregnant women that address a multitude of physical and mental health issues. The Torque Release Technique® is utilized with the world's first FDA-approved adjustment instrument that eliminates popping, cracking, and twisting. The practice also conducts workshops on different topics that provide individuals with tools, information, and support to take control of their future health.

Many parents are surprised to learn about the practice's [colic treatments Ocean County](#). Research has demonstrated that 94 percent of babies with colic due to subluxation showed a marked improvement after a chiropractic adjustment. The highly specialized technique is a gentle, safe, non-invasive, and natural treatment that doesn't rely on pharmaceuticals.

The [chiropractor in Monmouth County](#) provides treatments for a comprehensive array of conditions. Treatments are effective for individuals experiencing autoimmune issues and PTSD to migraines and infertility. Chiropractic is beneficial for individuals with autism, seizures, ADD/ADHD, allergies, depression, and asthma.

Chiropractic treatment focuses on correcting the underlying problem rather than simply providing temporary relief. Bones can become misaligned and place pressure on surrounding nerves and tissues, impairing the body's responses and manifesting in multiple ways. A basic form of chiropractic was practiced by the ancient Greeks. Modern chiropractic has been utilized for over 100 years and is so effective that it's regularly sought by elite athletes.

Absolute Chiropractic provides the highly-specialized [colic treatments in Wall](#) and utilizes gentle, 21st-century methods. The practice's treatments are equally applicable for people of all ages experiencing any number of mental, emotional, and physical issues. Treatments relieve pain and dysfunction, expand mobility, and improve quality of life.
