

African Dream Foods Announces Store Launch And Kickstarter Success For Their New Line Of Sauces, Salts and Seasonings

The African Dream Foods online store is now live, offering an exciting variety of sauces, seasonings and salts that will directly benefit conservation efforts in Africa. The products are also available now on Walmart.com and are coming soon to Amazon

California, Orange, Apr 6, 2021 ([Issuewire.com](https://www.issuewire.com)) - **African Dream Foods** has launched its [webstore](#) on the heels of a successful Kickstarter campaign, which surpassed its goal of \$50,000. Their crowdfunding success helped ramp up production efforts which are currently underway in South Africa. The brand is presently offering a variety of 12 flavors, which include sauces, salts, and seasonings sold individually and in variety-pack gift boxes. While the brand is focusing on fulfilling Kickstarter and online store pre-orders, African Dream Foods has also announced the product is now live via [Walmart.com](#) and is coming soon to Amazon Prime.

Last month African Dream Foods teased their exciting new brand of sauces, salts and spices inspired by the culture and flavors of Africa. With distribution operations in Orange County, all products are

developed and imported from South Africa using all-natural ingredients sourced from small farms. For all sales from their web store moving forward, partial proceeds from all products will benefit conservation efforts and organizations in South Africa. Partner organizations helping conservation work include Wild Shots Outreach and Paws Trails.

African Dream Foods offers 8 sauces, 3 spicy salts and a smoky seasoning. Their sauce flavors include a Bird's Eye Chilli, Ghost Peri-Peri, Habanasco - Fermented Habanero, Sweet Dream Sauce, Southern Braai BBQ, Jalanasco - Fermented Jalapeno, Lemon & Garlic Peri-Peri, and African Ghost Pepper. Salt and seasoning offerings include a Habanero, Ghost Pepper, or Smoked Chipotle Salt and their unique Safari Smoke Seasoning. The spicy salts and seasonings come in convenient grinder bottles.

All 8 sauce flavors are available in 5oz bottles with 5 of those flavors also being offered in a 16.91oz "Chef's" bottle. Additionally, most of the sauces (*except Southern Braai and Sweet Dream*) are available in a special 50ml (1.7oz) Travel/Gift Variety Pack. The Chef's bottles (16.91oz) and all 4 seasonings are available now on the African Dream Foods website and at Walmart online. Their 5oz and 1.69oz essential travel bottles are available for pre-order and will be fulfilled in May.

African Dream Foods is a project developed from the various passions of entrepreneur David Schmunk. His curiosity to see and experience new things ultimately brought him to South Africa — where a new journey and the love affair with the beauty, vitality, culture, people, scenery, and flavors of the country began. David wanted to create a business that combined his passions for travel, food, hot sauce, and spices with Africa, photography, and wildlife conservation.

"This line of sauces and salts is our way of bringing the incredible flavors of Africa to the US and beyond," says Schmunk, "The giving back aspect of the brand is one I hope will grow over time, and there's no better way to earn the attention of an audience than through their taste buds. The conservation efforts in Africa need our help, and I'm proud to create a brand that serves a greater cause."

The official African Dream Foods web store is now live for product orders, which along with recent Kickstarter contributions, will begin shipping products to certain backers immediately. More information on African Dream Foods is available online and on social media.

About African Dream Foods:

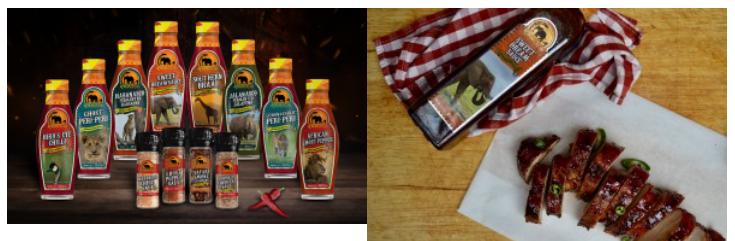

African Dream Foods is a purpose-driven food brand of sauces and spices that bring the amazing tastes of natural, wholesome foods from Africa to the world. Founder David Schmunk created the product line to bring awareness to and benefit the conservation efforts throughout the region. The brand works with the farmers, business owners, and producers to create not only a delicious product line but a brand that partially proceeds directly to help top wildlife conservation groups that make a difference.
