A Woman's World by Lynne Hill-Clark Available 8/23

Arizona, Tucson, Apr 13, 2021 (IssueWire.com) - (Tucson, Arizona) Author Lynne Hill-Clark will be releasing her new sci-fi/fantasy series: the *A Woman's World* trilogy, which is a companion series to her first books, the *Lords and Commoners* series.

Baya has been prepared her entire life for three trials. That's all ... only three ancient tests in three days. A lifetime worth of work over in a matter of days. Easy right? Then she will officially be a woman and in line to become the ruler of the world ... or she'll be dead. But what if she doesn't want either of those options? If she can survive the trials, that's when the real challenges will begin.

The legendary horror writer Ramsey Campbell described the first novel *A Woman's World*, as “An incisive and inspiring novel that wields the fantastic to convey a timely and challenging vision.”

The Reader's Favorite competition has awarded the novel its five-star medallion.

Lynne Hill-Clark is noted for touching on real-world issues in her books in an engaging and entertaining way. *A Woman's World* challenges traditional gender roles in a very creative manner. When gender roles are reversed, the ugliness of sexism is hard to ignore. Her previous novels, *The Lords and Commoners* Series, touched on themes of organized religion and environmentalism.

Hill-Clark was a nominee to the shortlist for the Chanticleer Paranormal book award in 2019. She has written three previous novels to date, the *Lords and Commoners* trilogy. She holds a doctorate in Psychology. Her travels to Jordan during her time with the US Peace Corp greatly influenced her current series, *A Woman's World*, and her world travels have provided much inspiration for her work. She is an advocate for restorative justice.

The release of the *A Woman's World* series will coincide with the release of audiobooks for all of Hill-Clark's novels, including the *Lords and Commoners* trilogy.

Hill-Clark's books are available online at FutureClassicsPublishing.com, Amazon, [Barnes and Noble](http://BarnesandNoble), [Apple iBooks](http://AppleiBooks), select independent bookstores, and other fine book retailers. The books are available in ebook, paperback, and hardcover format.

A Woman's World will be available for purchase on August 23, 2021.
