Missouri, Bridgeton, Apr 22, 2021 (Issuewire.com) - CassCo Bio Labs offers natural-based water treatments such as pond bacteria for ponds & lakes as tablets, liquids, powders, and pre-measured water-soluble packets.

The products available at CassCo Bio Labs range from natural water treatments for ponds & lakes

to 100% natural pet treats, and natural-based human supplements and beauty products.

CassCo Bio Labs not only makes premium formulations of **pond bacteria** available in **water-soluble packets** but also specializes in providing premium-quality private labeling.

The blue lake dye from CassCo Bio Labs is designed to provide an aesthetically pleasing appearance to pond and lake water through 100% natural products.

As long as you are using blue pond dye from CassCo Bio Labs at recommended rates, you never have to worry about the safety of fish, plants, and other wildlife.
