#### **4. Outsourcing**

We can assist you in growing your digital platform and improving margins while reducing costs. You can hire from our exclusive team of WordPress developers, Shopify developers, and SEO experts for any of your outsourced digital marketing needs.

Our client Testimonials prove our expertise and ability to deliver world-class projects. To quote our client, Mr. Bruce Dugan (CEO at Incognito Worldwide), “We have always had difficulty finding the right outsourcing company in India and having lived here (New York) for a couple of years and having an office here, we found Brandconn to be very dependable. They have a good process and are ISO 9000 certified. They have a good team and thus have delivered very well so far.”

Another one of our clients, Katerina (Client Relationship Manager at Eurofast) had this to say, “We use Brandconn marketing services for our clients and I am glad to have an associate in India that truly understands us. They speak the same marketing language, are reliable, value their commitments, and have a transparent working process. I am glad and honored to meet the team that is working and taking care of us. They are lovely, friendly, and cooperative people.”

We have completed projects successfully across a variety of industries, namely: legal and law firms, healthcare, software and IT, real estate, hospitality, home furniture, manufacturing, education, and travel and tourism.
