

## East Coast Pool & Spa Announces Special Money-Saving Pool Opening Services

**New Jersey, Franklin Township, Apr 7, 2021 ([Issuewire.com](https://www.issuewire.com))** - The annual season for the opening of the swimming pool is just around the corner. Bill Henry, the owner of the [East Coast Pool & Spa Service](#), knows the importance of preparing the pool before jumping in for the first time. He's offering individuals \$50 off when they prepay for their 2021 opening.

East Coast Pool & Spa Service offers a wide variety of services that makes life easier for pool owners. During the pool opening, the company removes the winter covering and winterizing plugs. Filtration equipment and pool accessories are reassembled, and the correct start-up chemicals added. Closing services are also available at the end of the season.

The pool professionals utilize BioGuard® chemicals and supply them to individuals that choose to perform their own maintenance. The chemicals are designed with advanced technology for greater longevity in the pool and to protect against damaging UV rays. They also protect against scaling, corrosion, and metal staining.

Pools are an oasis of coolness in the heat of summer, but they can also require a considerable amount of care throughout the season. The [pool company in Mullica Hill](#) provides weekly pool maintenance that includes the cleaning of skimmer baskets, along with testing, adjustment of water levels, and backwashing of filtration systems. All equipment is inspected and the company keeps pools healthy and sparkling clean with vacuuming and brushing.

The [pool company in Medford](#) also provides comprehensive repair and remodeling services. As a premier pool company, the professionals are skilled in traditional chlorine and saltwater chlorination systems. Clients can enjoy a complete pool makeover and have features such as colored lights installed. Individuals can select from 23 pool liner options, all of which are treated to inhibit bacteria, mold, and mildew.

The special \$50 off pool opening offered by the [pool service in Mt. Laurel](#) provides savings for clients and ensures they can use their pool with complete confidence. East Coast Pool & Spa Services is fully licensed and has extensive experience with all types of pools and spas to ensure individuals can maintain fitness, relaxation, and entertainment whenever they desire.
