

Extern Mötesbokning, the latest and extraordinary B2B lead generation company in Sweden, has officially launched.

A newly-developed B2B lead generation company that focuses on four business services now runs across different parts of Sweden.

Ostergotland, Mjölby, Apr 21, 2021 ([IssueWire.com](https://www.issuewire.com)) - [Extern Mötesbokning](#), a Swedish B2B company, aiming to connect various businesses to lead generation companies, has recently opened their doors and is now serving business in the following cities: Malmö, Göteborg, Linköping, Umeå, and finally to Stockholm.

Extern Mötesbokning's main goal is to create a bridge between B2B companies and lead generation businesses that efficiently offer services like appointment setting, telemarketing, market research, and telephone answering services.

Each of these services is relevant in ensuring that businesses reach the right customers for their business. Accompanied by dozens of partner companies catering to different industries, Extern Mötesbokning aims to serve as a one-stop-shop for all B2B services.

Since most companies have a hard time planning marketing strategies worthy of attracting prospects and looking for the perfect partner that they can outsource may take some time, Extern Mötesbokning decided to create an accessible medium for business owners and managers to connect to experienced appointment setters, telemarketers, market researchers, and lead generation specialists.

"We know how difficult it is to find the right partner for your business, so we came up with an idea to connect with trusted B2B partners in Sweden. Instead of waiting for weeks or months, we can set you up with a reputable telemarketing company or appointment setter in just a few days", a statement from Johan Adolfsson, director at Extern Mötesbokning
