

Fluid Abstract Digital Artist offering unique NFTs on Mintable.app

Who knew colours could make a whole lot of difference!

California, Los Angeles, Apr 18, 2021 ([Issuewire.com](https://www.issuewire.com)) - [Akira Senshi](#), a hobbyist artist from Canada, specialises in fluid abstract digital art. Inspired by dreams, psychedelic art from the 80s and retro tropes of big colours and vibrant hues, Akira enjoys painting, with the idea of embedding hidden messages, which leaves us open to uncover and interpret these messages.

Akira's "Dream" NFT series on [Mintable](#) consists of 3 parts, "[Forest of Dreams](#)", "[Orgasm](#)" and "[The Gate of Venus](#)" were created and inspired by the dreams Akira went through. The hobbyist artist from Canada used vibrant colours to "translate these locked thoughts into digital art", allowing us to see what the journey looked like.

Akira gave alternative expressions to the Chinese Zodiac Animals - a [Neon Tiger](#) and an [Ethereal Dragon](#). Akira used a combination of colours to highlight the nature and personality of each animal. A beauty of an NFT!

About Mintable

Mintable is a marketplace that supports the creation, listing and sales of digital assets such as NFTs. Mintable is built on a decentralised, peer-to-peer model as it aims to empower contemporary artists and creators to get due recognition and rewards from their work. The platform is easy to use with an intuitive UI, and users can easily browse, mint or sell their tokens without any prior knowledge of coding. Founded in 2018, Mintable is built on and secured by the Zilliqa and Ethereum blockchains. In 2021, renowned venture capitalist and television personality, Mark Cuban, announced a significant investment to help scale this promising app, which has sold and auctioned works by prominent global artists, musicians and entrepreneurs.
