The programme, which includes the popular Grand National Race of Champions virtual race developed by Inspired Entertainment, will return to our screens this year on Friday 9th April at 8 pm on ITV4 before being screened on ITV (main channel) at 1 pm ahead of its exclusive, free to air coverage of the real race on Saturday 10th April. It will also be available on the ITV Hub. For race fans outside the UK and

Ireland, exclusive coverage can be accessed live at [VGNSweet Sports.com](https://VGNSweetSports.com) where viewers can also enjoy a range of exclusive prizes, offers, and giveaways.

The virtual TV special itself uses the famous Aintree jumps and course, in partnership with The Jockey Club, as well as stunning CGI animation powered by AI technology and algorithms to see if a computer can outwit the experts and the bookmakers to name the possible finishers.

The VGN has been screened since 2017 and was propelled into the spotlight in 2020 when the Randox Health Grand National at Aintree was canceled as the country entered its first nationwide lockdown. It became a huge fundraiser for NHS Charities Together and in Ireland, raising more than £3.0 million for NHS Charities and 300,000 Euro for medical charities in Ireland.

The TV special featured the 40 horses and riders who were most likely to run in the Aintree spectacular, and 4.8 million watched as Potters Corner took the title at the [Virtual Grand National](#) on ITV.

If the event itself wasn't enough, Sweet Sports have also secured a range of exclusive offers, prizes, and giveaways to share with the VGN community upon signing up. The worldwide attraction of the Grand National means the list of benefits is growing all the time as new partners come on board, [you can keep track of community offers here](#).
