The owner of London Catering Supplies says “We are on a mission to satisfy all your catering needs at one place and the lowest market prices. We do offer free shipping on orders over £100 throughout

London. Browse numerous high-quality soft drinks, beverages, and other food products online at UK's most trusted online grocery shopping site and order today."

"We assure you will get high-quality products from us with the best services at the lowest possible prices. We offer a prompt and reliable supply of products and cater to our entire customer's requirements." added LC Supplies.

Grocery shopping is an inevitable thing for all, however, there are certain safety protocols to be followed to eliminate the risk of transmission of the COVID-19 virus through food packaging or while shopping. LC Supplies has recently announced its ideas to do healthy and safe grocery shopping.

As the world suffers from the COVID-19 pandemic, this set of ideas is handy for people to protect themselves from infection. Here are the key safety protocols that need to be followed by all to get rid of the high risk of individuals getting infected by the COVID-19 virus from grocery shops.

- People are advised to prepare their shopping list 2 to 4 days before. Always wear a face mask or face covering while shopping in a store.
- Prefer using disposable bags for shopping for groceries from stores.
- Follow the social distancing rules issued by the government and practice sanitizing hands frequently while being at a grocery store.
- Though, there is no strong evidence of transmission of the COVID-19 virus through food packaging yet it is recommended to wipe down the food packaging before handling it.

Food always remains a necessity for all families; follow the grocery shopping ideas announced by LC Supplies and shop groceries with confidence or people can prefer [online grocery shopping in the UK](#).
