Piyush Monga, the person behind Vision Rape Mukt Bharat (Rape Free India)

Haryana, Hisar, Apr 4, 2021 ([Issuewire.com](https://www.issuewire.com)) - **Piyush Monga**, a young graduated boy, who was deeply concerned about the increasing rape cases in the country, researched for several months about what can be done to eradicate the issue. As a result of which he manifested the idea and started the organization, i.e **"Youth Against Injustice Foundation"** that gave birth to the mission "Rape Mukt Bharat". Believing in the power of youth, he focused on uniting young minds through a social media platform. The mission began on 25th May 2019 from an Instagram page [@youth_against_rape](https://www.instagram.com/youth_against_rape).

Gradually youth across the nation supported the mission and became a part of the foundation. The team filed a petition consisting of 8 demands on 16th August 2019. The main demands being Death Penalty for rapists after conviction and 14 Years of Strict Imprisonment for Fake Rape Allegations. Within a short span of time, the mission to set the country rape free which was started with a single person on an Instagram page, has now teams rooted in 21 states & 3 UTs.
