Sarah Stephens for Governor Campaign Announces "Make California Gold Again" Tour and Freedom Jam Kick-Off Event

The *Sarah Stephens for Governor 2021* Campaign announced the official launch of their “Make California Gold Again” Tour, debuting with “Freedom Jam”, a free, public entertainment and extreme sports event held at the Hilltop Tavern & Inn Concert and Wedding Venue in Apple Valley CA this Saturday, April 10th from 12 - 5 pm with a post-celebration to follow.

The event will include live performances by Danni Stefanetti, Vessel of Mercy, Berenice Cline, Raphael Batista, GRS, Lee Shorter, and a DJ; speakers such as Derrick Gates running for the 33rd Congressional district seat, TJ Johnson, Marc Ang, Carolyne Covell, Pastor Manuel Johnson, and conservative personality MAGA Hulk in addition to the candidate herself (Sarah Stephens) outlining her vision; three FMX (freestyle motocross shows) performed by FITZ ARMY- x games athletes Jimmy Fitzpatrick (FITZ), Destin Cantrell, and Javier Villegas; three Skate, BMX & Scooter Shows performed by X Games Athlete Beaver Fleming & team; an awards ceremony honoring local heroes; a free fun zone for the kids with bounce houses and rock climbing, also there will be many merchandise and food vendors.

“We are so excited to celebrate with our fellow Californians, and especially to support a small business like Hilltop Inn and Tavern,” said Sarah Stephens, gubernatorial candidate. “Small businesses are the lifeblood of our economy. Enough is enough with restrictions and lack - the people of California need someone on their side who will fight for them and their rights, their businesses and their families, and bring prosperity and abundance back to our state. That's why I decided to run for Governor, and I am thrilled to kick off my campaign tour this Saturday with this very special event.”

Stephens unofficially announced her run in February 2021 when she saw the destruction happening across California and didn't see anyone stepping up ready to shake the status quo, stand for the rights of California citizens and their right to pursue freedom, liberty, and happiness, for small businesses and families, creating opportunities, financial stability, and prosperity. As a Pastor she has fought for years getting people off the street, helping people find jobs, getting people out of debt, helping marriages and families, serving the community in outreach events, nonprofit events, and truly has fought for people when they could not fight for themselves. She believes not only that she can represent the people but that she will hold the integrity, morals, and unwavering faith it takes to bring drastic change. She is now officially running in the recall election as a Republican candidate although she feels titles mean little compared to how one lives and one action.

More about Sarah

Sarah Stephens is a wife, mother of five beautiful children, a pastor, community leader, and motivational speaker. Born and raised in San Diego, California, Sarah graduated with Magna Cum Laude from San Diego State University with an English degree and since graduating she has been the founder of multiple non-profits such as The Last Days Tour, Healing Hearts & Nations, Freedom Fest the USA, and Redeeming America Tour- all nonprofits involving community outreach projects at home and abroad. Married to Daniel Stephens, who has served with the United States Air Force and San Diego Police Department, Sarah has forever known and lived the price of freedom. For the last seven years, she has dedicated her life to honoring our nation's first responders: veterans, military, police, fire, and EMT. Sarah has a true love for God & Country and a true fire and passion to revive the heart of America - starting with California!
