

Silvana Yovanof, MD, an Endocrinologist with Medical & Endocrinology Associates

Get to know Endocrinologist Dr. Silvana Yovanof, who serves patients in Monongahela, Pennsylvania.

New York, New York City, Apr 23, 2021 ([IssueWire.com](http://www.IssueWire.com)) - A fellowship-trained endocrinologist specializing in metabolism, diabetes, and internal medicine, Dr. Yovanof sees patients at her private practice, Medical & Endocrinology Associates, in Monongahela, Pennsylvania.

Licensed to practice medicine in Pennsylvania, Illinois, Michigan, and Iowa, she is affiliated with many different medical venues, including Monongahela Valley Hospital, Jefferson Hospital, and UPMC McKeesport.

Back in 1985, Dr. Yovanof graduated from the American University of the Caribbean School of Medicine. She performed her internship at Forest Park Hospital and her residency in internal medicine at St. Joseph Mercy Hospital in 1990. Finally, she completed her fellowship in endocrinology, diabetes, and metabolism at the Michael Reese Hospital and Medical Center in 1991.

A member of the American Association of Clinical Endocrinologists, the doctor is board-certified in internal medicine & endocrinology, diabetes, and metabolism by the American Board of Internal Medicine (ABIM). The ABIM is a physician-led, non-profit, independent evaluation organization driven by doctors who want to achieve higher standards for better care in a rapidly changing world.

Endocrinology is a branch of biology and medicine dealing with the endocrine system, its diseases, and its specific secretions known as hormones. Endocrinologists have the training to diagnose and treat hormone imbalances and problems by helping to restore the normal balance of hormones in the body. The common diseases and disorders of the endocrine system that endocrinologists deal with include diabetes mellitus, as well as adrenal, pituitary, and thyroid disorders, among others.

Awarded the Marquis Who's Who in Medicine and Healthcare, Dr. Yovanof has conducted various publications and presentations throughout her illustrious career, with her most prominent one being her publication on the effects of estradiol on auditory evoked responses from the frog's auditory midbrain.
