Steadyhand Investment Management Ltd. Passes $1 Billion in Assets Under Management

British Columbia, Vancouver, Apr 7, 2021 (Issuewire.com) - Steadyhand Investment Management Ltd. is pleased to announce that its assets under management (AUM) passed $1 billion with the close of the first quarter.

The firm's assets are spread across its eight investment funds and over 3,700 clients, from B.C. to Ontario.

"The assets that our clients have entrusted us to manage pushed through the billion-dollar mark for the first time, which is an achievement our team is very proud of," said Steadyhand Chief Investment Officer and Co-founder Tom Bradley. "What makes the milestone even more rewarding for us is that almost $400 million of this sum represents capital appreciation that we've been able to deliver our clients."

Further, Steadyhand's low base fees and Fee Reduction Program (which rewards clients who have entrusted over $100,000 with the firm as well as long-standing investors) means that clients have more of their money at work for them, helping to grow their wealth as well as the firm's AUM.
