

Advanced Solutions & Consulting Co. celebrates its 20th anniversary | Great Plains Integration & Consulting

California, Solana Beach, May 12, 2021 ([IssueWire.com](https://www.issuewire.com)) - Advanced Solutions & Consulting Co., a consulting firm specializing in Microsoft Great Plains Consulting announced its 20th anniversary as a national, full-service Microsoft Dynamics consulting partner.

Advanced Solutions & Consulting Co. is a Microsoft Dynamics ERP provider, committed to helping companies gain a competitive advantage over other businesses in their industry. The Microsoft Dynamics Experts at Advanced Solutions support a company's Dynamics GP needs like BC, D365, and Cloud Migration.

Microsoft Dynamics® GP is a comprehensive enterprise resource planning (ERP) solution specially designed for small and midsize organizations. Advanced Solutions has a team of consultants dedicated to the Microsoft Dynamics GP solution. Advanced Solutions is a trusted Microsoft Great Plains Partner.

For 20 years, Advanced Solutions & Consulting, Co. (ASC) has helped companies achieve their professional enterprise resource planning (ERP) goals by implementing Microsoft ERP Cloud Solutions including Microsoft Great Plains Implementation. As a leading certified Microsoft Dynamics reseller, the company offers industry expertise, accounting acumen, on-time project management, IT infrastructure, and reporting. Advanced Solutions & Consulting Co. delivers all Microsoft Dynamics packages including Microsoft GP, Microsoft CRM, and Microsoft SL.

Now in its twentieth year as a preferred Great Plains Implementation Partner, Advanced Solutions & Consulting Co. has become a leader in the integration of the Microsoft Great Plains software.

“Advanced Solutions & Consulting Co. has experienced exceptional growth and development over the past years,” said Jim Carrol, CEO of Advanced Solutions & Consulting Co. “Moving forward, our focus will remain on offering professional and comprehensive Cloud ERP solutions including Microsoft Dynamics GP consulting.”
