

An Artist Seeking Perfection releases multiple series - Available Only On Mintable

Singapore, Singapore, May 17, 2021 ([Issuewire.com](https://www.issuewire.com)) - Is perfection achievable at all? Sometimes in life, we question what perfection means to us and the elation one feels after 'achieving perfection. [Nothing Is Perfect](#), a talented artist on Mintable, questions perfection through a long adventure, and at the end, he will reveal his perfect interpretations.

Through works of '[Known't Journey](#)', '[Vulgar Baluster](#)' and '[Fearful for life](#)', the artist shares his series of pencil works in which he expresses a piece of negative reflections of himself. Even though the process of work can bring moments of joy it's hard to keep such emotions through overwhelming surrounding distractions.

'[Perfectible](#)', an NFT art collection is part of a series where each time a work is acquired, another is created, perhaps more superior, and perfect.

ABOUT MINTABLE

Mintable is a next-generation non-fungible token (NFT) marketplace built on the Ethereum & Zilliqa blockchain. Launched in 2018, Mintable has pushed the NFT industry forward by being the first to design gasless minting, batch minting, and royalties, empowering artists and creators to monetize their work via NFTs. Mintable's gas-free minting option allows the everyday person to get involved with NFTs without any prior knowledge in coding or upfront cost of minting an asset – a great way for everyone to get into crypto. In 2021, Mintable announced the backing of a list of high-caliber investors including renowned venture capitalist and television personality, Mark Cuban, Sound Ventures, the venture fund founded by Guy Oseary and Ashton Kutcher, and TIME Ventures, the investment fund for Marc Benioff. To date, Mintable has sold and auctioned works by Grammy-Award-winning artists, 20th-century avant-garde artists, and various high-profile artists and celebrities.
