

Building The Strongest Startup Founders Network - Entrepreneurs Programme

NEXEA's Startup Mentors and Experts Are Building Strong Entrepreneurial Groups in Malaysia. Enhancing their entrepreneurial skills with their experience and networks, guiding startups all the way to the top.

Malaysia, Kuala Lumpur, May 19, 2021 ([Issuewire.com](https://www.issuewire.com)) - The [Entrepreneurs Programme](#) by [NEXEA](#) is a **Startup founders network/group** created by entrepreneurs, for entrepreneurs. It is understood that all entrepreneurs have to go through huge challenges in areas of management, growth and expansion, getting investments and exits. The Entrepreneurs Programme is designed to bring them together to ensure stronger growth, together.

The Entrepreneurs Programme started in May 2020, bringing in world-class mentors and investors on board to join the team. It has now evolved into becoming one of Malaysia's exclusive peer-to-peer networks for tech entrepreneurs to learn and grow together with 60 participants and MDEC and MaGIC as our partners.

"The Entrepreneurs Programme has helped me significantly. There is genuine advice offered in every meeting and members help each other out by weighing outcomes (through personal experience, different perspectives and opinions) so we can make more informed decisions. We can tap the minds of many of our peers, have them challenge my assumptions, ask me tough questions and give me

reality checks. All while being supportive and encouraging. NEXEA has done great in organising the event each month and ensuring that the content stays relevant and fresh” says Kyan Liew, founder of ParkIt about the Entrepreneurs Programme.

The Entrepreneurs Programme has more than RM50mil in combined revenues and over RM243mil in combined valuations and lastly, RM30mil in combined funding for these entrepreneurs.
