Tennessee, Nashville, May 25, 2021 ([IssueWire.com](http://www.IssueWire.com)) - The official nomination list is an impressive amount of incredible talent. The Josie Music Association celebrates incredible talent within the independent music industry annually with an elaborate, full production JMA Awards theatre show. The Josie Music Awards official nomination list released on May 16th to the press and an enthusiastic audience on social media. As in the past, the Entertainer of the Year nomination announcement will be made approximately two weeks after that date. *The Road to The Josie Music Awards*, as it was named in 2015, is full of twists, turns, and exciting announcements each year leading up to the lavish event. Owners Josie Passantino-Boone and Tinamarie Passantino are the queens of suspense and surprise and they do it all for the independent music industry talent involved in The Josie Network.

The unique submission, review, and nomination process is a standout in the industry with only 2.6% of submissions making it through to the Official Nomination List for 2021. Those that are a part of this small percentage congratulation on a substantial accomplishment.

“The Josie Music Awards Event is like a gathering of the largest family for a reunion that welcomes back familiar faces and welcomes in new each year. This event stole our hearts from its first year and it is a

true labor of love planning it for 10 months each year. We work to continually add more opportunities for those in the independent music industry through The Josie Music Association as well as our other 10 brands in The Josie Network. Yearly we expand and add on as much as we can for everyone. We are already working on a huge expansion opportunity for everyone in 2022. There is nothing like the feeling of being at the JMAs, it is so much more than an award show; this is a giant opportunity for networking, collaborations, and exposure. The feeling of love within the venue for music and the support of each other is just a blessing” said Josie and Tinamarie.

The Josie Music Association received over 38,000 submissions for their annual recognition celebration, The JMA Awards, which includes nominees from all around the United States and the globe. There are many genres celebrated and winners are selected by an in-depth review of their talent, skill, material, professionalism, and music business acumen as it relates to their music career or area of business.

The Josie Music Awards is the largest, independent, privately owned, multi-genre award show preparing to celebrate its 7th year. The “JMAs” or “Josies” are known to continue with year-on-year growth and the event expands each year to accommodate this growth.
