

EButler and Eddy Travels Launch A New Travel Service, In Time For The Summer Holidays

Doha Startup EButler Launches Partnership With Canadian Startup Eddy Travels.

Qatar, Doha, May 2, 2021 ([Issuewire.com](https://www.issuewire.com)) - Planning the first post-pandemic trip has just got a whole lot easier for the residents of Qatar, as [EButler](#) today launched a new partnership with [Eddy Travels](#) artificial intelligence (AI) travel assistant. In a simple chat, the fully automated AI assistant is available 24/7 to help EButler's users search for the best airline and hotel deals globally.

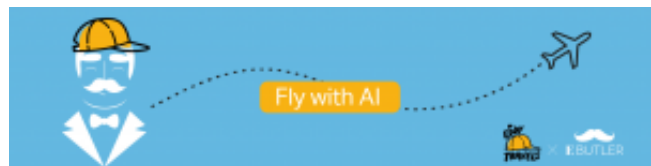

EButler, a popular online concierge platform in Qatar, connects customers to hundreds of the best service providers covering every aspect of their lives. Starting today, EButler's members can search for the best flight and hotel offers by chatting with an AI travel assistant developed by Eddy Travels, seamlessly integrated into Ebutler mobile apps.

"At EButler, our goal is to create an incredibly convenient experience for our users every time they need something in their life. As we strive to raise the bar, we are always looking for world-class partnerships. We are extremely excited to partner with Eddy Travels, who offers a unique experience not found anywhere else in the world," noted **Omar Ashour, Co-Founder & CEO at EButler**.

“We are delighted to launch a groundbreaking partnership with EButler, the first one in Qatar for Eddy Travels. EButler’s team did amazing work integrating the Eddy Travels AI assistant into their application. As a result, Qatari travelers can start planning their next well-deserved holidays by sending a message,” said **Edmundas Balčikonis, Co-Founder and CEO at Eddy Travels**.

EButler’s application is available on Android or iOS devices. Inside the application, members will find a new “Travel” category that will open a chat window with the Eddy Travels AI assistant. Users just need to send a text message to the digital travel assistant, and it will start searching for flights or accommodation. Lodging options are provided in partnership with Booking.com, the world’s most comprehensive hotel booking system. The new partnership project is supported by Kiwi.com, the innovative travel-tech company, which powers more than 100 million searches every day.

“EButler and Eddy Travel teams did a fantastic job building the AI-powered travel planning service that is convenient and fun to use. We are proud to be providers of flight and ground transportation inventory, including Virtual Interlining. Together we’ll make it easy for the Qatar travelers to always find their perfect itinerary, for the lowest price.” **Oliver Dlouhy, CEO, and Co-founder at [Kiwi.com](https://www.kiwi.com)**.
