

## Free Oxygen Concentrators for the needy

**Karnataka, Bengaluru, May 19, 2021 ([Issuewire.com](http://Issuewire.com))** - For the last ten years, we are serving Medical Practices, Ambulatory Service Centers, and midsize hospitals in the U.S.A and have sizeable backend offices in Bangalore.

Acer Health has procured 100 Oxygen Concentrators and Pulse Oximeters and is providing a helping hand to the hospitals and others in the medical fraternity in these times of Covid crisis

The donated **Household Oxygen Concentrator along with Pulse Oximeter** devices are helping prevent patients with mild symptoms to avoid the necessity for hospital admissions. This also helps the hospitals to prioritize their services to patients who are suffering from acute problems and require oxygen ventilation at the hospital.

Kindly contact us for your requirements and the same will be supplied from our end on first cum first-

served basis.
